International Director 2010-2012
D60/86 Joint Reformation Chair

Between District 60 and District 61, there is a piece of land called Lennox and Addington County within the province of Ontario that both districts want to change over (going from District 60 to 61). There are currently no clubs within these county boundaries. It was noted in our review of the reformation that if a club were to be started in this county, it would be better served by District 61 than by District 60.

Reason for this change: clean up the boundary line between the two districts. This change was discussed between the two districts over the past 2 years, but we were waiting for the Reformation of D60 & 86 to be completed first.

We were initially going to put this into our reformation document for District 60 & 86, but didn't want to muddle up the paperwork with additional information.
